## HOW TO USE THIS TARIFF

Follow these six easy steps to calculate your own charges:

- Using the Calendar, check your preferred holiday dates to find which season applies to you.
- Go to section A 'Pitch Price'. Identify the category containing the unit which best describes your own. Read across the row into the two sets of tariff columns which are colour coded to match the calendar. Decide if you need a Part Serviced Pitch (with EHU) or a Non Serviced Pitch and find your tariff. Jot this figure down.
- Go to section B 'People'. Identify the categories of people in your party and using the same method as above, read across the columns to find the tariff for that category. This is a charge for each person, so you will need to multiply this by the number of people in your party. Jot down this multiplied charge. Repeat the process for each category of person in your party.
- Go to section C 'Extras'. If you have any of the items listed here, repeat the process used for your people and jot down any charges applicable to you.
- Add up all the charges you have jotted down; this is your nightly fee.
- Go to Section D. If your stay is for Friday & Saturday or Saturday & Sunday nights ONLY over the Prime Weekends (coloured blue on Calendar), add a one-off £5.00 surcharge to your overall fees. This surcharge does not apply to two night stays midweek. If your stay is over a Bank Holiday Weekend (coloured red on calendar) you will automatically be charged for a minimum of three nights stay even if your stay is for just two nights. Please note, we do not take bookings for Saturday night only in High Season.

\* Discounts of 5% are available for a minimum of 7 consecutive nights' fees paid in advance, but ONLY if these are fully paid within 24hrs of arrival for first week, or by the first day of any subsequent weeks.

\* Charges include use of toilets and hot showers
